

**WASHINGTON
FARM BUREAU**

THURSTON COUNTY FARM BUREAU

Where is the Thurston VSP headed?

For over 12 years, we have been battling to strike balance between agricultural viability and critical area protection in Thurston County.

Now is the time for you to engage to ensure that the hard-fought balance remains in place.

Be a part of the solution, be a part of the change through involvement in VSP.

What is VSP?

The Voluntary Stewardship Program (VSP) is just that: a voluntary program. It is a common sense, non-regulatory approach dedicated to maintaining and enhancing the viability of agriculture while protecting critical areas.

Washington Farm Bureau and Thurston County Farm Bureau invite you to engage with us.

Learn more - get involved

Join the Thurston County Conservation District for a hands-on-session walking you through the program, the benefits and the process.

When: February 28th 6:00 - 8:00 pm

**Where: Brighton Park Grange Hall
815 Brighton Park SW
Tumwater, WA**
