MoonBeam™3 Disinfection Technology

On-Demand UV-C Disinfection System

MoonBeam™3 delivers powerful UV-C light to provide fast, on-demand broad area disinfection of high-touch surfaces in just 3 minutes.

FAST. EFFECTIVE. PORTABLE. AFFORDABLE.

Features & Benefits

- Three individually-adjustable articulating heads, each generating a broad umbrella of intense UV-C light. Cost-effective operation – low operating cost and minimal maintenance, as well as effectiveness on both horizontal and vertical surfaces
- Base unit - locking casters allow easy movement and positioning anywhere. UV-C heads unfold for positioning in seconds
- Remote cover - controls operation and acts as a sensor during disinfection to ensure safety. Cover also protects light heads and enables convenient transport from room to room. Optional multi-access point motion sensor also available
- Added Assurance - provides additional disinfection for surfaces that may have been missed in cleaning
- Ideal solution for frequently-touched, hard-to-clean surfaces and intricate, hard-to-wipe equipment. Fume-free, chemical-free disinfection

Applications

- Suited for whole-room or targeted disinfection of high-touch surfaces and equipment including: patient bed area, bathrooms, fixtures, work stations on wheels (WOWs), etc.

MoonBeam™3 Disinfection Technology

On-Demand Targeted Disinfection System

Product Specifications

Description	MoonBeam™3
UV-C vertical dosing height range	6" (15 cm) to 84" (210 cm) high
Cycle time in seconds	90, 180, 300, 600
Device weight	39 pounds (17 kg) complete 27 pounds (13 kg) Base Unit
Environmental	No ozone generation, high output UV-C lamps
Device Size	15" x 44" (38 cm x 112 cm)
Acoustic Noise	Negligible
Power	100-120V~, 3.2A, 50/60Hz 200-240V~, 1.6A, 50/60Hz

Replacement Parts (Available from Plan B, Inc.)

Product Code	Description
SP-00695	MoonBeam™3 Remote Cover
SP-00696	MoonBeam™3 UV-C Head Reflector
